With the exception of the wicketkeeper each member of the fielding side bowls one over. The wicketkeeper cannot be changed unless she is injured. The substitute wicketkeeper (who is not allowed to bowl) must complete the innings.
- b) The following rules relate to the calling of no balls and wides:
 - i) In the event of a wide or no ball, 2 runs are added to the batting teams score. The ball is then re-bowled.
 - ii) All overs have a maximum of 8 balls (including wides and no balls) except for the last over of an innings which must have 6 legal deliveries.
 - iii) A ball out of the reach of the batter in their normal batting stance shall be called a wide. No further runs can be scored if a wide is called.
 - iv) Any ball delivered by the bowler reaching the batter above shoulder height in their normal batting stance or above the waist on the full or landing off the pitch shall be called a no ball. If the batter manages to hit a no ball they score 2 runs plus whatever is scored off the bat.
 - v) **A ball may bounce twice before reaching the batter.** A ball that bounces more than 2 times or rolls along the ground and is impossible for the batter to hit shall be called a no ball.
 - vi) Bowlers must bowl with a straight arm action or it will be called a no-ball and point iv) above will apply. (Coaches are welcome to discuss students of concern and adjust as necessary)
